*Ossama Yousry Taha*

As a dedicated and highly motivated Data Analyst with a robust foundation in accounting, I bring a unique blend of financial acumen and analytical expertise to the table.

I hold a degree in Accounting and have since expanded my skill set to include a comprehensive understanding of data analytics.

Proficient in Python, SQL, Excel, and Google Sheets, I have also honed my abilities with leading business intelligence tools such as IBM Cognos Analytics, Power BI, and Tableau.

My journey into data analytics has been driven by a deep-seated passion for uncovering insights and telling compelling data stories. Through hands-on projects, I have gained practical experience in the entire data lifecycle—from data collection and cleaning to analysis and visualization.

These projects have equipped me with the skills to handle real-world data challenges and deliver actionable insights.

Despite not having formal work experience in the field, my strong financial background and continuous learning mindset set me apart.

I am committed to staying abreast of the latest industry trends and technologies, ensuring that my skills remain sharp and relevant.

I am eager to leverage my knowledge and enthusiasm to contribute to a dynamic team, where I can continue to grow and make meaningful impacts through data-driven decision-making.
